 LEARNING PROGRAM**

Music, Dramatic & Performing Arts Registered Syllabi through :
The International Music Examinations Board (IMEB)
 (Grade Initial – Licentiate level)

ABOUT ANUA
 19 YEARS OF EXPERIENCE

Education with Enthusiasm

As a privately run education facility, ANUA focuses on the premise that :

Education + Experience = Excellence!

To learn successfully, partnering with a successful educational facility that offers depth, experience and ability is essential. ANUA is that education facility

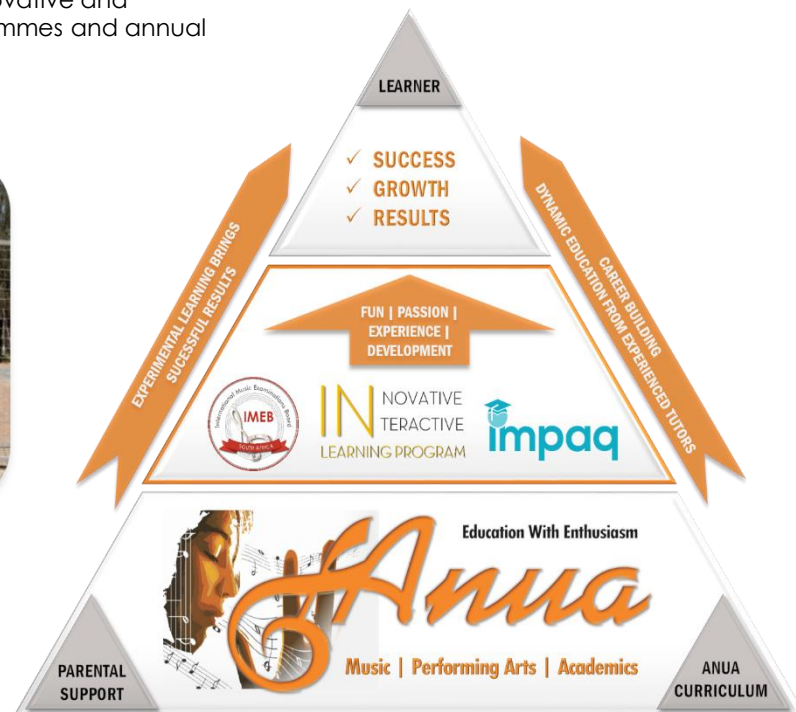

Our faculty is a learning place, first; and as a space of connection, second.

There is a large difference in this approach, supported by our 3 tier innovative and interactive learning programmes and annual curriculum and syllabi.

Guided by many years of in-classroom teaching experience, our focus is on you, the student and your future, in an ever-changing world.

We invite YOU to come visit and spend a while in our supportive world of education and learning and be motivated by what you see and sense in our exciting world!

We are enthusiastic and motivated to deliver the very best and it shows!

A WORLD OF DIFFERENCE

Since the early 2000's, ANUA has provided quality and innovative Internationally certified education and training to hundreds of young people who have attended tuition at the centre. Putting each child first, we have access to the necessary professional products and academic led services to educate each learner in our Tuition Centre.

ANUA is a REGISTERED IMPAQ Education Tuition Centre that facilitates an annual South African GED CAPS identified Academic Syllabus.

The IMEB Syllabi is designed to foster individual development as form of artistic expression and communication, in the Arts and Entertainment industry. Related skills, knowledge and enhanced self-confidence are acquired by progressing through the grades according to age and experience.

**** Students have the option to choose whichever Syllabi they need in EITHER Music, Academics or any of the available Performing Arts curriculum.**

INNOVATIVE LEARNING

Knowledge and learning are essential factors for achieving successful outcomes. Continuous learning and acquiring new skills are pivotal for sustaining achievements in the learning of new knowledge process.

Knowledge is obtained by both study and experience and since learning is also an interactive process between the teacher, the material and the learner, we can understand that any person constantly responds to stimuli according to their own perspectives. ANUA utilizes Innovative and Interactive Learning Programmes in order to create more effective processes and ideas to enable the exchange of information and knowledge in our syllabi and curriculum.

ANUA's Innovative and Interactive Learning Programmes are an integral part of our class structures as this work complements and extends to contributing to meeting the needs of all students @ ANUA, (of whatever age), making learning fun, interesting, experiential and interactive.

LEARNING PROGRAM**

ABOUT IMPAQ

Our learners come first and are at the center of our academic model. Children learn differently and we have developed a model which takes into consideration how children are stimulated to learn and how they process and retain information.

Impaq's learning model has been developed to achieve the following:

- ✓ Challenge learners with real-world problems and scenarios and enable them to apply newly acquired knowledge
- ✓ Cultivate self-directed and individualised learning
- ✓ Encourage problem-solving and promote critical thinking
- ✓ Stimulate learners' innate sense of curiosity
- ✓ Follow the scaffolding approach, where new knowledge is added on top of existing knowledge – by integrating new and existing knowledge, meaningful connections are made
- ✓ Allow for formative and summative assessment
- ✓ Provide facilitators with structured guidance to facilitate the learning process and optimise teaching by enabling learners to work without expert facilitation at times

We are continuously innovating our academic model to address the challenges of our rapidly changing world and to equip learners to be well rounded contributors to society.

ABOUT IMEB

Join an Internationally recognised organisation that has multiple syllabi designed to meet the needs of those teaching and learning music, speech, drama and theatre arts.

Examinations are comprehensive and cater for those interested in the academic aspect of performance or those who choose to foster their love of music and performing arts.

Pricing of examinations are affordable and more than competitive, yet remain in an international arena of qualification.

All work is carefully and sequentially graded. Teachers preparing students for IMEB examinations will have a very sound outline on which to develop their lessons.

In most cases there is no need for teachers or students to purchase new individual syllabus printed books or to purchase separate music scores/sheets – candidates may select exam pieces (eg: poems, nursery rhymes, songs, compositions, speeches, arias, Shakespeare extracts etc) from any source.

IMEB examinations make provision for many abilities and give a goal for students in their studies. They provide a sense of purpose and direction and can be taken in addition to other activities, as they are not intended to be the only studies in a student's year.

Examination reports reflect a reliable assessment of progress and, by comments and marks, assist individual development.

At the ANUA Tuition Centre, we welcome all new students and parents to meet with one of the Directors in order to establish the direction and goals of the learner, whether the choice would be for Academic, Music or Performing Arts syllabi.

We invite you to visit our website <http://anua.co.za/contact.html> and complete our online application form.

One of our team members will contact you and arrange a convenient appointment for you to visit ANUA.

OUR VISION

Our vision is to contribute significantly to the development of our youth in South Africa by providing innovative and accessible education in not only Academic but also Dramatic Arts, Music and Performing Arts communities.

Come to 'School' Unusual and find out why it works so well!

Should you wish to view our Fee Schedule please contact us by email on info@anua.co.za or call us on 076 379 8555

Kindly note that custom tuition schedules can be created should a student choose to study over a combination of syllabi.
