

WHAT MAKES ANUA UNIQUE?

Education with Enthusiasm

As a privately run education facility, ANUA focuses on the premise that **Education + Experience = Excellence!** Our facility of learning offers a protected and nurturing environment that at the same time produces positive results!

We invite YOU to come visit and spend a while in our supportive world of education and learning and be motivated by what you see and sense in our exciting world! We are enthusiastic and motivated to deliver the very best and it shows!

To learn successfully, partnering with a successful educational facility that offers depth, experience and ability is essential. ANUA is that education facility.

2019 BROCHURE

Registered Syllabus Offered Through :
Impaq GED/CAPS Tutor (A Proud Member Of
The Futurelearn Group)

Since the early 2000's, ANUA has provided quality and innovative Internationally certified education and training to hundreds of young people who have attended tuition at the centre. Putting each child first, we have access to the necessary professional products and academic led services to educate each learner in our Tuition Centre.

ANUA provides a unique curriculum which provides Academic Study or an Internationally accredited OPTIONAL course in the Music & Performing Arts syllabi - either on a Part-time or Full-time Basis.

More information is available on our website www.anua.co.za

ACADEMIC SYLLABUS

Learners who work with home-type study and academic education undergo the same assessment standards as all school-going children. Learners with Impaq, our examination board and curriculum provider are also assessed by the South African Comprehensive Assessment Institute (SACAI).

Our examination bodies, as well as the Department of Basic Education, are overseen by Umalusi, which is the Council for Quality Assurance in General and Further Education and Training in South Africa.

Our Academic education learners further follow the same standard national curriculum (CAPS-aligned) as every learner in South Africa and would obtain a National Senior Certificate (NSC) upon completion of their matric exams.

Because it's based on individual needs, our academic education facility can provide a safe space for children who may have, for instance, experienced bullying in schools or for those learners who find it challenging to fit into a traditional schooling environment.

Why not visit our academics education link for further information or call 010 312 5216 to arrange a visit?

As a registered Five Star Tuition Centre @ Impaq, ANUA can be recognised as an innovator and a great choice in the Home-education industry.

Our learners come first and are at the center of our academic model.

Children learn differently and we have developed a model which takes into consideration how children are stimulated to learn and how they process and retain information.

INNOVATIVE INTERACTIVE LEARNING PROGRAM

Knowledge and learning are essential factors for achieving successful outcomes. Continuous learning and acquiring new skills are pivotal for sustaining achievements in the learning of new knowledge process.

Knowledge is obtained by both study and experience and since learning is also an interactive process between the teacher, the material and the learner, we can understand that any person constantly responds to stimuli according to their own perspectives. ANUA utilizes Innovative and Interactive Learning Programmes in order to create more effective processes and ideas to enable the exchange of information and knowledge in our syllabi and curriculum.

ANUA's Innovative and Interactive Learning Programmes are an integral part of our class structures as this work complements and extends to contributing to meeting the needs of all students @ ANUA, (of whatever age), making learning fun, interesting, experiential and interactive.

OUR VISION

Our vision is to contribute significantly to the development of our youth in South Africa by providing innovative and accessible education in either the Academic and Performing Arts communities.

In applying the values of **DEDICATION, DISCIPLINE & COMMITMENT** affords the learner opportunities to maintain a approach of inspiration, passion and enthusiasm for life and their chosen career, as these remind each student of the importance of self-reliance and motivation in their daily lives.

HOW TO ENROLL?

At ANUA's Tuition Facility, we welcome all new students and parents to meet with one of the Directors in order to establish the direction and goals of the learner, whether the choice would be for Academic, Music or Performing Arts syllabi.

We invite you to visit our website <http://anua.co.za/contact.html> and complete our online application form.

One of our team members will contact you and arrange a convenient appointment for you to visit ANUA.
